**[RESOURCE]**

**Level 1** - A question that has a concrete answer. Avoid these in discussions, unless you are clarifying a confusion. Examples:

*Who are the King and the Duke?*

*Who rescues the boys from the island?*

**Level 2** - Interpretive questions that relate directly to the text. Interpretive means that they are a matter of opinion and can be answered differently. Examples:

*What does the green light symbolize?*

*Who is most responsible for the hysteria in Salem?*

**Level 3** - Go beyond the book and ask about big picture ideas. These are questions that are universal and can connect to our world. Connection to the text should be apparent. Examples:

*Is there ever such a thing as too much ambition?*

*Is technology's impact on our society positive or negative?*
